

Hi All

The 2020 Cricket Playing Survey is now live!

This summer, as a game, we have had to be flexible and adapt, and we know many players have returned to a slightly different cricket experience than previous years.

The Cricket Playing survey is ECB's number one opportunity to listen to the views of players and given the changes and sacrifices we have all had to make, more than ever we want to capture your views to identify what your cricket experience has looked like this year.

By sharing with us what you think, we'll gain valuable feedback to ensure the voices of players continue to be heard and the game of cricket continues to evolve. We would like you to have Your Say.

The survey will take roughly 10 minutes and will genuinely help us to shape our response in working with our County Cricket Boards and Leagues to provide you with the cricket you want.

Thank you for taking the time to have your say!

[TAKE THE SURVEY](#)

As a club admin, we would also hugely value your help in sharing the survey with your networks and others within your club. Details of how to do this can be found [here](#) in the How-To-Guide. When sharing the link, please ensure you use the link provided in the guide.
