Further Financial Package confirmed for the Whole Game

This week, the ECB announced a further financial package to support professional and recreational cricket during the COVID-19 pandemic.

The £35.7million support package was agreed by the ECB Board after detailed financial planning with the whole game and to support all levels of cricket during a period of extreme financial uncertainty.

NatWest Cricket Club Financial Guide

Given the impact Coronavirus has had on the start of this year's cricket season, NatWest together with the ECB have launched a new online financial guide to help cricket leagues, clubs and volunteers efficiently manage their finances and help clubs thrive.

The NatWest Club Cricket Financial Guide offers practical advice and tools including how to deal with the impact of Coronavirus, looking after the cricket community and guidance on how to boost income through tips on memberships, facilities and sponsor support.

The Guide is available [here](#) for clubs to download and access.

Roadmap FAQs

Following the provision of the 5 Step Roadmap last week we have had some further enquiries through from cricket network. We have updated our FAQ document with answers to these questions which can be found [here](#).

Updated DBS Guidance

Due to ongoing COVID-19 restrictions and advice from the Disclosure and Barring Service, the ECB are continuing with the current approach regarding the initiation and verification of DBS applications.

System access remains restricted to a limited group of users at County & ECB Level and Video ID Meetings are to be used instead of Face to Face Meetings.

We are committed to reviewing our approach in consultation with all Official sources and suppliers - to support the planned return of cricket.

If you require any support regarding initiating and/or verifying DBS applications please contact us [here](#).
