

All,

This week's bulletin contains information on the Women's Big Cricket Month, National Volunteers Week and a new film from LV=Insurance made with cricketers from across the country.

It's 1 week to go until the start of Women's Big Cricket Month 2021, and we've had an amazing response so far with over 200 events and activities registered!

We want to continue to ask all clubs who are planning an activity or event during June to register their details, so if you're planning an event or activity but haven't yet completed your registration then follow the link below! By registering, we will be able to provide you with all the marketing tools you will need to help make your activities and events as big as possible.

We're also already seeing lots of amazing promotion and activity on social. Make sure that you're part of the conversation and use #WomensCricketMonth to join in!

## National Volunteers Week

Next week, from 1<sup>st</sup> – 7<sup>th</sup> June is National Volunteers Week and an opportunity to celebrate all the amazing people at your club or centre that help to make the game happen. Be it someone who is a longstanding volunteer and gives their time week on week, or a brand new All Stars Activator who is helping to bring cricket to more young people in your area, it is important to say thank you.

Please use next week as an opportunity to thank your volunteers. You might want to tell the story of some specific people at your club, shining a spotlight on the work that they do and the way they bring your community together. Use #VolunteersWeek to be a part of the wider celebration, and do use the official National Volunteers Week logo and Stamp on your images.
